Classic 2-Tone Baby Blanket
(Approx. 28" X 38")

Materials:

- Approx. 320 yards of a dark yellow yarn – DK weight (2 balls of approx. 160 yards each)
- Approx. 960 yards of a light yellow yarn – DK weight (2 balls of approx. 480 yards each)
- Size 10 US needles
- Darning needle for weaving in the ends

NOTES:

- **This blanket is double knit using 2 strands of yarn at one time.**
- **I used Stylecraft Special DK yarn for this blanket.**

Gauge:

Approx. 14 stitches x 28 rows = 4" in Garter Stitch

Directions:

BORDER:

Cast on 100 stitches with 2 strands of the **dark yellow** yarn held together.

Knit every row (Garter stitch) for 20 rows (approx. 3") **ending on the opposite side** of your cast on tail.

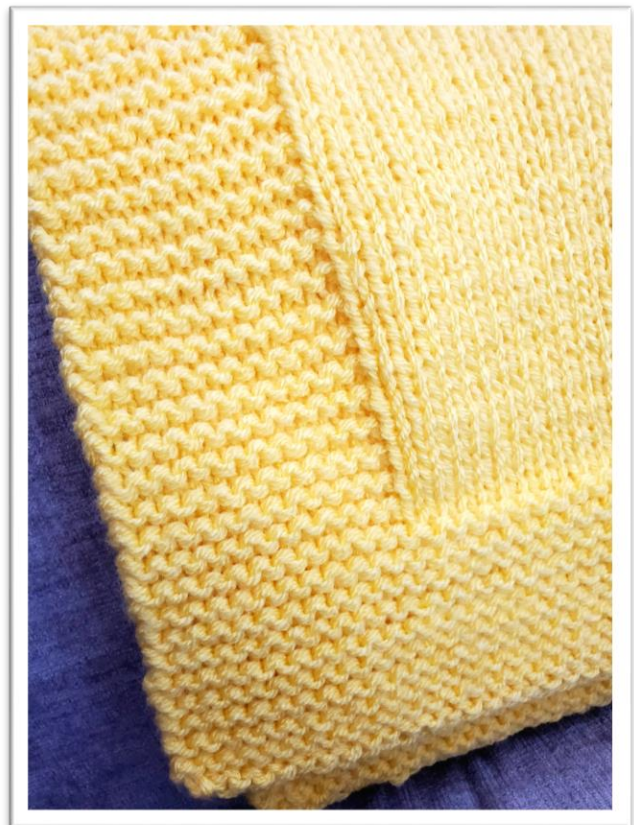

BODY PATTERN:

Once the border is complete, you will start on the body of your blanket.

ROW 1: Knit 12 stitches, purl 76 stitches, knit the last 12 stitches

ROW 2: Knit every stitch

Repeat the above 2 rows until your piece is about 10" in **total**.

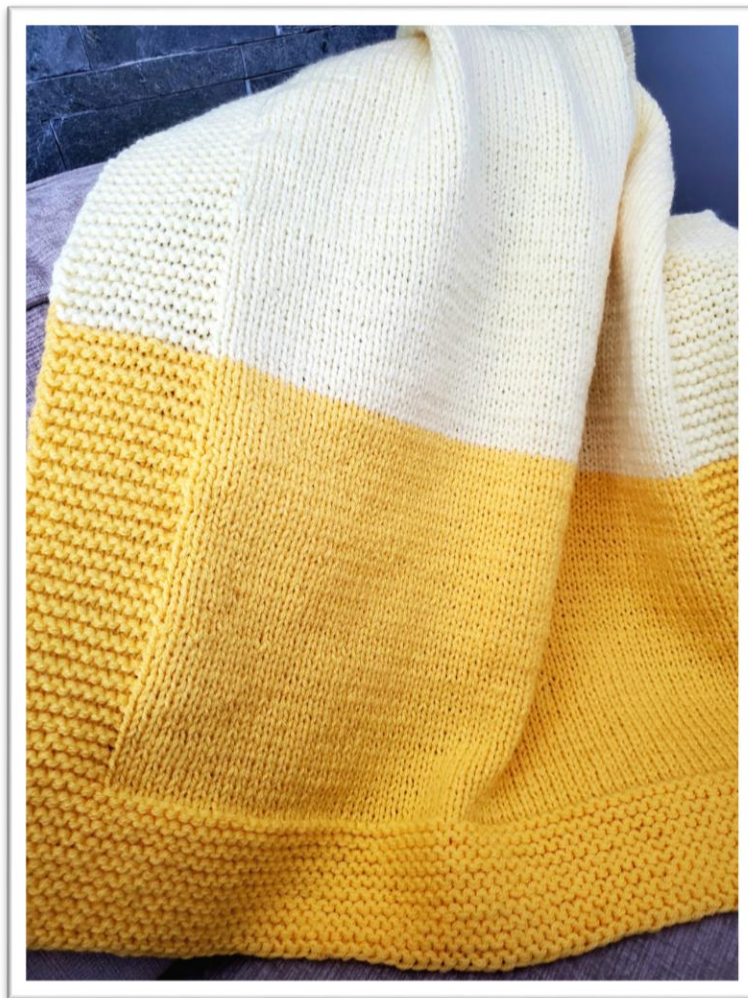

When the dark yellow section is about 10", switch to the light yellow yarn. **Change the colour on the same side as your cast on tail.**

Continue with the above 2 rows of the body pattern until your ***entire piece is 35" in total.***

Once your blanket is 35" in total, knit every row for 19 rows (approx. 3") to create your bottom border.

Cast off on the next row (*row 20*), then weave in all your ends.
